

# Supply Chain Warehouse Operative

## LEVEL 2

Warehouse Operatives communicate with a wide range of people and customers. They have a passion to meet customers' expectations by providing a quality service that encourages repeat business. Individuals in this role are highly competent in using industry-recognised systems and associated services (e.g. Traffic/Warehouse Management Systems) and will be able to work under pressure to tight deadlines.

ST0259 Version 1.0

12 months minimum to gateway

LARS 111

EQA Ofqual

Grading Pass/Distinction/Fail

### Gateway Requirements

- Level 1 Functional Skills - English and Maths
- Behaviours
- Occupational Competence

## Assessment Methods

### Knowledge and Behaviours Test:

- The knowledge test consists of structured short answer and scenario-based questions. This assessment will be taken under exam conditions and will last for 1 hour. It will assess the apprentice's understanding of all knowledge and behaviour-based learning outcomes.

### Practical Assessment:

- The practical assessment will assess the apprentice on the skills-based learning outcomes and will assess whether the apprentice is competent to carry out the practical aspects of their job role. The assessment will take place in a warehouse environment and will last for 1 hour.
